

Social Engineering: A Means to Violate a Computer System

By Nina Verma

Global Vision Publishing House, 2011. Hardcover. Book Condition: New. This book entitled `Social Engineering` addresses the fears and concerns related to techniques used by hackers and social engineers to break into the private and professional spaces to achieve their motives. It is a subtle way of manipulating people into performing actions or divulging confidential information, rather than by breaking in or using technical cracking techniques. The book addresses all the issues related to hacking and also suggests preventive measures. It is an invaluable source of information for students, teachers as well as professionals.
