# Messenger of Mathematics (Paperback)

By Books Group

Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1884 Excerpt: .gives the first of the last three expressions, the sum of the second terms the second of the last three expressions, and the sum of the third terms the third of the last three expressions, it follows that any one of the six expressions is deducible from the remaining five. Only two of the six are applicable for our present purpose, since only two of them involve 7r0, and so offer the possibility of doing away with the irregularity in the coefficient of that product. Taking the first of the two, viz. Tts + 7rB + 7r10, and substituting (F-A)(E-B)(D-C) for (F-A)(E-C)D-B)-(F-A)(E-D)(C-B), 5. Of determinants of this kind, I find on examination that only one has been considered hitherto, viz. and from this we readily have another result given in the Giornale, viz.: 7. These latter identities point to the existence, in the case of certain...
