Brand New Book ***** Print on Demand *****.The Holy Spirit birthed the church and is the executor of its life and growth. At the inception of the church the Holy Spirit instructed the apostles to separate Barnabas and Paul for the work of the ministry. Barnabas and Paul were not just two individuals but ways of growing the church - two paradigms. Joses nicknamed Barnabas (the only person besides the Holy Spirit called parakletos or comforter) would grow the church inward and Paul would grow it outward. This book reveals that growth is a principle embedded in all living things and when conditions are ideal growth is automatic. These critical elements for automatic growth is what I call the b Paradigm.
