Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Additional Remarks on the Currency of the United States The object of the author in his previous remarks on the currency was not only to endeavor to elicit truth, and establish facts, upon a very important subject of general interest; but also to direct public attention to a consideration of the impolicy of existing measures, and of the only substitute deemed competent to remedy present evils and provide future security. In furtherance of these views, Publius requested as a favor, from one well skilled in all the practical operations of our system of currency, although friendly to the administration, that he would state with frankness and freedom any objections he might entertain to the positions and to the reasonings of the author. The following therefore, in the shape of marginal notes, are remarks on some of the reasonings and opinions of Publius, and for which he is alike indebted to the commentator for his trouble and his candor, although the author of the notes does not wish them to be considered as arguments against the general principles of the plan, or objections to the fundamental doctrines advocated in the pamphlet. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are...
