Use them well!" --From the Foreword by Scott Guthrie, corporate vice president, Microsoft Developer Division Microsoft Silverlight is a leading cross-platform, Rich Internet Application (RIA) technology that allows you to create more compelling and interactive Web experiences than are possible with simple HTML browser pages. Silverlight 3 includes significant improvements over previous versions, including "out-of-browser" operation, H.264 video, 3D graphics, and real-time effects. Essential Silverlight 3 is the definitive reference and insider's guide. It not only covers all the key features of the Silverlight 3 runtime and how to use them but, in Under the Hood sections, explains why each feature was developed and how each one works. These "insider" explanations often lead to concise, practical performance tips that can help you speed up your own Silverlight applications. Author Ashraf Michail is uniquely qualified to explain Silverlight 3. He is a Microsoft Silverlight architect who has guided Silverlight from its beginnings through the current version. In this book, he shows how to...
